

Beginner's Pendulum Dowsing Tools & Equipment You'll Need

Tools & Equipment

- Notebook and pen or electronic notebook
- Scrap paper
- Pendulum (either purchased or homemade)

Making your own pendulum

This can be done in a few ways:

1. Find a necklace with a heavy bead, or locket and use it as a pendulum
2. Find a chain and attach a heavy bead or crystal using jeweller's wire
3. Find a paperclip and put some blue-tack on the bottom to weigh it and put on a piece of string or chain.
